

Otters Weekly Update – week beginning 3rd May

What an exciting week with our chicks! We have all been excited watching them hatch and grow...

Next week:

- We have our chicks for a second week, so we will continue to watch them grow and hold them!
- In literacy, we will be reading "Dear Zoo" and looking at how to write a letter. We will look at the language used in writing letters.
- In numeracy, we will be continuing to look at half of a number and showing our working.
- We have completed our set 2 phonics so we will be revisiting all of the sounds, writing words with them in and playing games using them.

Other things to remember:

- The Tapestry reading records seem to be working well, please do continue to upload any comments and we will reply.

Have a super, restful Bank Holiday weekend!

Owls Weekly Update – week beginning 3rd May

Well done Owls for another busy week!

Next week in English we are looking at the Titanic. On Friday we will look at the suffix 'ed'.

In Maths we are beginning to share an amount between groups.

We will look at the life cycle of a sunflower in science. We will continue our sea collages in art. In music with Mrs Stewart we will be listening and appraising 'Pure Imagination' from Willy Wonka and the Chocolate Factory and continuing to learn the song 'Your Imagination'. In RE we will be continuing to learn about Shabbat.

Woodpeckers Weekly Update – week beginning 3rd May

We have had a fantastic week this week! We have enjoyed seeing the results of our cress experiment and watching how our beans are growing. We have been scientists, journalists, mathematicians and athletes! We definitely need a bank holiday!

Next week:

In English we will be taking part in guided reading carousel activities throughout the week. We will be completing some independent activities focusing on inferencing and prediction.

In Maths we are finishing our work on fractions.

In Science we will be continuing to watch our beans grow and investigating the life cycle of seeds and plants.

In Art we will be completing our under the sea collages by adding in our sea creatures.

We have another exciting week to look forward to!
