

## Week beginning 4<sup>th</sup> October

### Ladybird Class Weekly Update

Another great week of learning has passed and the children continue to amaze me with how well they have settled. Well done! Next week we will be looking at the sounds f, e, l, h and sh, we will continue to blend and segment simple words and our keywords for next week are: in, see, she, can and to. We will be concentrating on The Little Red Hen and we will be making bread and looking at how to write instructions. In maths, we will continue to work on numbers to 5 then 10 and we will be looking at 5 frames and 10 frames to help us recognise amounts.

**Things to remember:** We will **not** be doing Forest School again next week as we have school photos next Thursday (more details to follow), however we hope to start the following week. I will send clothing details in the next weekly update. Remember PE clothes on a Friday and please do send in water bottles daily and keep the yellow reading record and reading book in the rucksacks. Have a lovely weekend!

### Butterfly Class Weekly Update

What a busy week we have had!

A fantastic morning in the planetarium on Thursday and an afternoon of completing our space buggies.

Next week will be just as busy....

English: We are looking at what a question is and we will be writing questions for Neil Armstrong.

Maths: We will be learning about 'part part whole' when looking at numbers. We will also be looking at number bonds within 10.

Harvest: We will be practising for our Harvest Service.

Art: Even though it is early, we will be creating our Christmas Cards that will be sent home later in the term.

Forest school and PE will be on Friday as normal.

On Thursday it is National Poetry Day so please do bring in your favourite poems or poetry books for us to share with the class. On Friday we will be taking part in TAKE 10 - feel free to bring in a book to share with the class.

School photos will also be happening on Thursday so please bring your biggest smile!

### Dragonfly Class Weekly Update

We have had a lovely week and have enjoyed thinking about Harvest.

Next week.....

In English we will be writing about our amazing experience in the space dome. We will edit and improve our recounts to make them even better. We will also be writing Haiku Harvest poems.

In Maths we will be learning to count in 3s and solve problems relating to this. We have come to the end of the unit on place value so the children will complete a short place value assessment.

In Science we will be learning about how different materials are recycled.

In DT we will be finishing and then evaluating our moon buggies.

In Art we will be designing our Christmas Cards-very exciting!

We will also be rehearsing for our Harvest Celebration.
