

Week beginning 15th November

Ladybird Class Weekly Update

Another busy week – wow they are flying by!

We are continuing to look at space, concentrating on planets.

We will be continuing to revisit all our sounds, blending, segmenting using FRED talk, and FRED fingers to help us decode words.

In literacy we will be looking at planets, designing our own and writing about them using the keywords 'It has a....' or 'It has some...'

In numeracy, we will be continuing to subitise – where we will encourage the children to recognise a range of different numbers by sight, not by counting them. We will be playing games to help support us.

Things to remember: Please continue to bring in water, even if the weather's getting cooler. We encourage regular drinks throughout the day! Also, remember it is Odd Sock Day on Monday. Please wear your odd socks to school!

Butterfly Class Weekly Update

What a fantastic week we have had. Well done Butterfly Class for showing such respect about Remembrance Day in our learning and in worship this week.

Next week:

English: We will be looking at anti-bullying week and writing about what makes a kind friend.

Maths: We are learning about 2D and 3D shapes.

Geography: We are looking at Australia and some of its features.

Science: We are learning about the sense of sight.

RE: We are beginning to think about 'What happened in Jesus' lifetime?'

ART: We are designing and making Maasai inspired jewellery.

PE, Music and Forest School on Friday.

Dragonfly Class Weekly Update

The children have worked very hard and showed empathy and compassion during our Remembrance Day discussions and activities.

Next week:

In English we will be writing a story based on Meerkat Mail. The children will plan their story and then write the beginning, middle and end. This will be done over a number of sessions to give the children time to focus on their thoughts, ideas and story elements.

We will be focusing on kindness next week as it is Anti-bullying Week. As part of this, we will be exploring 2 books during our whole class guided reading and story times: 'Shine' by Sarah Asuquo and 'Monty the Manatee' by Natalie Pritchard.

In Maths we will be continuing to use number bond strategies to subtract.

In Science we will be looking at the stages of human growth.

In Geography we are visiting Australia!

In RE we will be discussing stories from the Old and New Testament (Adam and Eve, Jonah and the Whale and The Good Samaritan).

In Art we will be making Maasai jewellery.
