

## Week beginning 28<sup>th</sup> March

### Ladybird Class Weekly Update

What a lovely week of weather we have had. The children have all been outside using our outside area for their learning!

We have, again, finished our set 2 sounds. We will spend next week revisiting them.

I am not going to introduce any more RED words for a while as they are proving tricky. Please do spend time looking over the words learnt already.

Easter is upon us! In Literacy, we will be looking at the Easter story and we will be looking at parts of the story to write about (whole class writing in order to edit, improve and to develop our independent writing skills!)

In Numeracy, we will be looking at the number 8 – we will be looking at different ways to make the number 8, more and less and finding objects to total 8.

Things to remember: We have an Easter service on Thursday, 31<sup>st</sup> – please see ParentMail for details. The last day of term is Friday, 1<sup>st</sup>. Happy Easter.

### Butterfly Class Weekly Update

What a lovely way to finish the week with the sun shining!

Next week is the last week before the Easter break.

In English we still have our focus of sentence writing.

In DT we will be continuing to make our Tudor houses.

In Maths we will be finishing our capacity topic, then recapping place value (tens and ones) and addition and subtraction.

In Science we will finish our topic of identifying animals by thinking about how to look after them.

We will walk to church on Thursday morning, then in the afternoon we will make our Easter cards. The children have been invited to wear their Easter bonnets (this week's homework) to church.

On Friday we will be completing this half term's topic by re-creating the Great Fire of London - fingers and toes crossed that the weather is kind to us!

### Dragonfly Class Weekly Update

We have had a lovely week and have enjoyed some story times and art outside in the sunshine!

Next week:

In English, we will be writing the Easter Story. We will also be practising our lines for the Easter Service.

In Maths we will be focusing on 3D shapes. We will name a range of 3D shapes and describe their properties. We will create 3D shapes using 'nets' and we will be identifying the similarities and differences of a variety of 3D shapes.

In DT/History we will be spending our afternoons making and painting our Tudor houses. Ready for history to repeat itself on Friday!

In Art we will be creating some Easter surprises!

Whole class guided reading

We will be comparing Amazing Grace and Same, Same but Different. The children have explored both these books so are familiar with them.

Extra things to note

Some children have asked to read in the Easter Service on Thursday. If your child has, they will have brought some words home today. They DO NOT need to learn these words but do need to practise reading them.

There will be no PE or Forest School on Friday.
