

Week beginning 23rd May

Ladybird Class Weekly Update

Wow what a beautiful week we have had, the children are enjoying their learning in our outside area. We are still working on recognising, using and applying our set 2 sounds to write simple words and dictated sentences.

For the rest of this term, we will continue to look at all of the RED words we have been learning. Please do continue to look at them at home.

Next week is our last week on pets. We will be designing our own pet and writing about it.

I will be continuing to assess sounds and numbers.

In Numeracy, we will be continuing to look at number patterns and we will be comparing quantities (using the language "greater than" and "less than").

Things to remember: Please send in hats EVERY DAY as things can change in the weather! Please revisit our messages on the Jubilee for our plans at the end of the week.

Butterfly Class Weekly Update

It's lovely to see the sun shining after such a wet morning.

In English we will continue to work on sentence structure and then at the end of the week we will be adding the suffix 'ed' to verbs. In guided reading we are looking at the book 'Here Comes Frankie!' In phonics we are continuing to look at blends.

In Maths next week we will be finding half of shapes.

In Science we are making observations of growing plants, then in Art we are using drawing techniques to sketch plants.

In Geography we are looking at how farms and towns are different.

Thursday afternoon and Friday we will spend preparing for our Jubilee celebrations.

We won't be doing Forest School on Friday and athletics club will take place during the school day.

Please do send rain macs and sun hats each day as the weather can be very unpredictable!

Dragonfly Class Weekly Update

The children have worked so hard this week on their fun quizzes. We are really proud of them.

Next week:

In English we will be writing instructions.

In Maths the children will be working in differentiated groups to consolidate different areas.

In Science and Geography we will be having end of unit quizzes and adding to our floor books.

In DT we will be making our soups, smoothies and salads (you do not need to provide anything for this)!

Whole Class Guided Reading

We will be reading 'The Extraordinary Gardener' by Sam Boughton.

Jubilee

We will be having our celebration on Friday! We will be creating yummy food and making decorations for our party in the afternoon. Please remember to wear something red, white and/or blue if you wish (please wear shoes that you can run around in).

There will be no Forest School on Friday.
